

## Li Auto Inc. November 2021 Delivery Update

December 1, 2021

BEIJING, China, Dec. 01, 2021 (GLOBE NEWSWIRE) -- Li Auto Inc. ("Li Auto" or the "Company") (Nasdaq: LI; HKEX: 2015), an innovator in China's new energy vehicle market, today announced that the Company delivered 13,485 Li ONEs in November 2021, representing a 190.2% year-over-year increase. Total deliveries for the eleven months ended November 30, 2021 reached 76,404, taking cumulative deliveries to 110,001.

"We set a new monthly record with over 13,000 deliveries of Li ONEs in November, making Li ONE the first domestic branded premium model priced above RMB300,000 in China to achieve the 10,000 monthly deliveries milestone. We are excited to see Li ONE emerge as one of the best choices for large SUV users and families in China. This impressive result reflects widespread user endorsement of our outstanding product features and performance, and we deeply appreciate our users' recognition. Looking ahead, we will continue to create products and services that can delight our users and make ourselves proud," said Yanan Shen, co-founder and president of Li Auto.

As of November 30, 2021, the Company had 174 retail stores in 93 cities, as well as 236 servicing centers and Li Auto-authorized body and paint shops operating in 171 cities.

### About Li Auto Inc.

Li Auto Inc. is an innovator in China's new energy vehicle market. The Company designs, develops, manufactures, and sells premium smart electric vehicles. Through innovations in product, technology, and business model, the Company provides families with safe, convenient, and refined products and services. Li Auto is a pioneer to successfully commercialize extended-range electric vehicles in China. Its first model, Li ONE, is a six-seat, large premium electric SUV equipped with a range extension system and advanced smart vehicle solutions. The Company started volume production of Li ONE in November 2019 and released the 2021 Li ONE in May 2021. The Company leverages technology to create value for its users. It concentrates its in-house development efforts on its proprietary range extension system, next-generation electric vehicle technology, and smart vehicle solutions. Beyond Li ONE, the Company will expand its product line by developing new vehicles, including BEVs and EREVs, to target a broader consumer base.
