

## Li Auto Inc. December 2024 Delivery Update

January 1, 2025

BEIJING, China, January 1, 2025 — Li Auto Inc. ("Li Auto" or the "Company") (Nasdaq: LI; HKEX: 2015), a leader in China's new energy vehicle market, today announced that it delivered 58,513 vehicles in December 2024, reflecting a 16.2% year-over-year increase. Total deliveries for the full year of 2024 reached 500,508 vehicles, bringing the Company's cumulative deliveries to 1,133,872.

Li Auto's December delivery represents a new monthly high. With this milestone, the Company has achieved annual deliveries of over 500,000 vehicles within just five years since its first delivery, setting the record for the fastest growth among premium auto brands in the Chinese market. The Company's smart assistant, Li Xiang Tong Xue, is now available for download on mobile devices, extending the benefits of its intelligent capabilities to more users. In January, Li Auto will begin rolling out OTA update version 7.0, featuring an enhanced highway NOA built on an end-to-end architecture. This update will seamlessly integrate both city and highway NOA capabilities, providing end-to-end functionality across all driving scenarios powered by the Company's full-stack, proprietary dual system, which integrates an end-to-end (E2E) model and a vision-language model (VLM). Additionally, Li Auto will introduce a first-of-its-kind intelligent reasoning visualization function, enabling drivers to understand the intelligent system's decision-making and execution processes, promoting safer and more informed autonomous driving.

As of December 31, 2024, the Company had 502 retail stores in 150 cities, 478 servicing centers and Li Auto-authorized body and paint shops operating in 225 cities. The Company also had 1,727 super charging stations in operation equipped with 9,100 charging stalls in China.
