

## Li Auto Inc. July 2021 Delivery Update

2021年8月1日

BEIJING, China, Aug. 01, 2021 (GLOBE NEWSWIRE) -- Li Auto Inc. ("Li Auto" or the "Company") (Nasdaq: LI), an innovator in China's new energy vehicle market, today announced that the Company delivered 8,589 Li ONEs in July 2021, crossing the 8,000-vehicle milestone for the first time while hitting a new record. The deliveries were up 11.4% month over month and 251.3% year over year, a remarkable rate of growth. As of July 31, 2021, total deliveries in 2021 reached 38,743, bringing cumulative deliveries of Li ONE to 72,340 since its market debut.

"Driven by outstanding product features and performance, the 2021 Li ONE set an all-time high in monthly deliveries once again. By the end of this year, we will launch a series of major OTA upgrades to elevate our product offering to new heights," said Yanan Shen, co-founder and president of Li Auto.

The Company is accelerating the expansion of its direct sales and servicing network. As of July 31, 2021, the Company had 109 retail stores in 67 cities, as well as 176 servicing centers and Li Auto-authorized body and paint shops operating in 134 cities, making its Li ONE more accessible to users nationwide.

### About Li Auto Inc.

Li Auto Inc. is an innovator in China's new energy vehicle market. The Company designs, develops, manufactures, and sells premium smart electric vehicles. Through innovations in product, technology, and business model, the Company provides families with safe, convenient, and refined products and services. Li Auto is a pioneer to successfully commercialize extended-range electric vehicles in China. Its first model, Li ONE, is a six-seat, large premium electric SUV equipped with a range extension system and advanced smart vehicle solutions. The Company started volume production of Li ONE in November 2019 and released the 2021 Li ONE in May 2021. The Company leverages technology to create value for its users. It concentrates its in-house development efforts on its proprietary range extension system, next-generation electric vehicle technology, and smart vehicle solutions. Beyond Li ONE, the Company will expand its product line by developing new vehicles, including BEVs and EREVs, to target a broader consumer base.
