Li Auto Inc. October 2026 Delivery Update

2026年11月1日

BEIJING, China, Nov. 01, 2026 (GLOBE NEWSWIRE) -- Li Auto Inc. (“Li Auto” or the “Company”) (Nasdaq: LI; HKEX: 2015), a leader in China’s new energy vehicle market, today announced that it delivered 29,025 vehicles in October 2026. As of October 31, 2026, Li Auto’s cumulative deliveries reached 1,862,676.

In October, Li Auto delivered over 3,000 units of the new Li MEGA. The Company also introduced its proprietary Lianshan Battery and Lianshan Motor, along with the Lianshan Battery Warranty Program. The 2026 Li i6, launched on October 28, is equipped with the Lianshan Battery, the MACH M100 chip, and more than 20 additional upgrades in intelligence and configuration, enhancing its range, assisted driving capabilities, and riding experience. In November, Li Auto will begin rolling out OTA 9.2, featuring the upgraded MACH VLA 2.5 and multiple refined cockpit Agent features.

As of October 31, 2026, the Company had 481 retail stores in 159 cities, 527 servicing centers and Li Auto-authorized servicing shops operating in 217 cities. The Company also had 4,206 super charging stations in operation equipped with 23,163 charging stalls in China.

About Li Auto Inc.

Li Auto Inc. is a leader in China’s new energy vehicle market. The Company designs, develops, manufactures, and sells premium smart electric vehicles. Its mission is: Be Proactive, Change the World. Through innovations in product, technology, and business model, the Company provides families with safe, convenient, and comfortable products and services. Li Auto is a pioneer in successfully commercializing extended-range electric vehicles in China. While firmly advancing along this technological route, it builds platforms for battery electric vehicles in parallel. The Company leverages technology to create value for users. It concentrates its in-house development efforts on proprietary range extension systems, innovative electric vehicle technologies, and smart vehicle solutions. The Company started volume production in November 2019. It offers high-tech flagship family MPVs, Li L series extended-range electric SUVs, and Li i series battery electric SUVs. The Company will continue to expand its product lineup to target a broader user base.

Safe Harbor Statement

This press release contains statements that may constitute “forward-looking” statements pursuant to the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “will,” “expects,” “anticipates,” “aims,” “future,” “intends,” “plans,” “believes,” “estimates,” “targets,” “likely to,” “challenges,” and similar statements. Li Auto may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the “SEC”) and The Stock Exchange of Hong Kong Limited (the “HKEX”), in its annual report to shareholders, in press releases and other written materials, and in oral statements made by its officers, directors, or employees to third parties. Statements that are not historical facts, including statements about Li Auto’s beliefs, plans, and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: Li Auto’s strategies, future business development, and financial condition and results of operations; Li Auto’s limited operating history; risks associated with extended-range electric vehicles and high-power charging battery electric vehicles; Li Auto’s ability to develop, manufacture, and deliver vehicles of high quality and appeal to customers; Li Auto’s ability to generate positive cash flow and profits; product defects or any other failure of vehicles to perform as expected; Li Auto’s ability to compete successfully; Li Auto’s ability to build its brand and withstand negative publicity; cancellation of orders for Li Auto’s vehicles; Li Auto’s ability to develop new vehicles; and changes in consumer demand and government incentives, subsidies, or other favorable government policies. Further information regarding these and other risks is included in Li Auto’s filings with the SEC and the HKEX. All information provided in this press release is as of the date of this press release, and Li Auto does not undertake any obligation to update any forward-looking statement, except as required under applicable law.
